* 2020 Amended Budget as of 8/31/2020, which may include budget reductions due to the economic shutdown and revenue loss as a result of the COVID-19 pandemic

** The Grants Fund Appropriation includes appropriation for new grant funding, and may include re-appropriation of prior year grants not awarded, as well as local match. However, the CIP table on a subsequent page of this narrative reflects only new grant funding. See Grants Overview for more information.

*** Due to a change in budgeting methodology to consolidate the Airport enterprise funds into one appropriation amount (Airport Grants still appropriated separately), the tables throughout this section will look different than in recent years. For a detailed breakdown of each fund, see the Budget Detail section.

Significant Changes vs. 2020

- Net increase of approximately \$423,000 mainly to fund existing positions, pay progression, medical and dental cost adjustments, and projected temporary staff costs
- Expenditure savings of approximately \$9,500,000 due to CARES Act reimbursement for salary and benefit costs (see Grants Overview for more information)
- Net increase of approximately \$394,000 to fund projected operating and capital outlay costs
- Net decrease of approximately \$13 million for planned capital improvement projects
- Increase of approximately \$3.9 million in federal grants fund appropriation based on anticipated grants for 2021

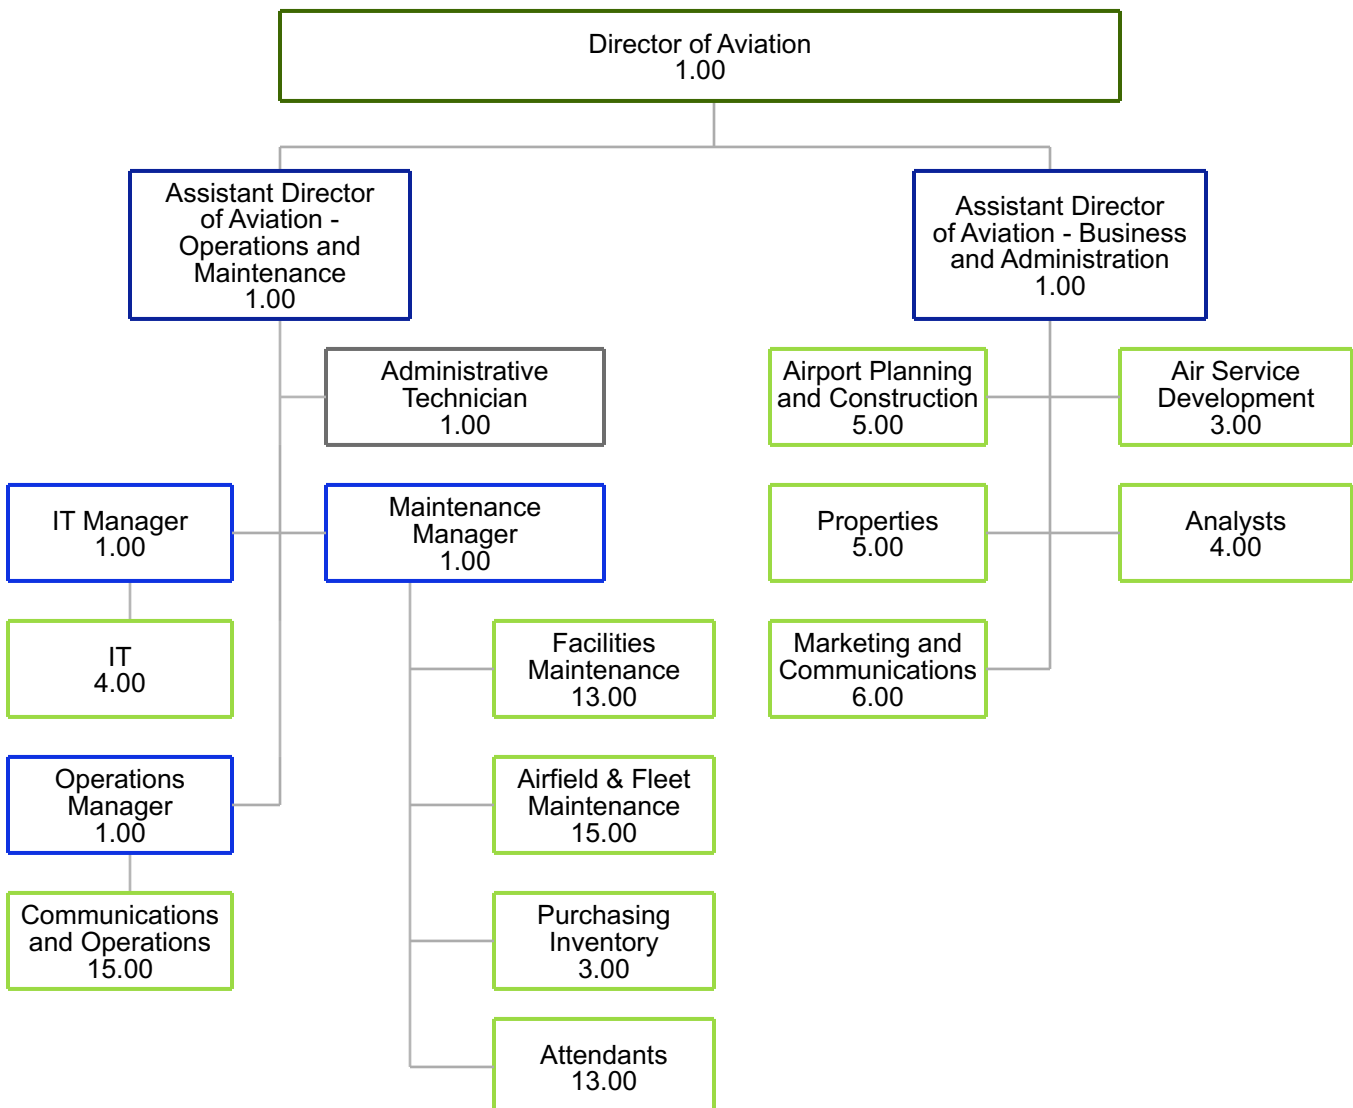

Airport - Overview

The Colorado Springs Airport (COS) is a primary small hub commercial service airport. COS:

- Services southern Colorado, portions of western Kansas and northern New Mexico, with nearly 1.5 Million anticipated passengers in 2021. Compared to 1.7 Million actual passengers in 2019 and 0.7 Million in 2020, passenger numbers have been significantly impacted by the COVID-19 pandemic.
- The COVID-19 pandemic has impacted airline capacity at COS. However, with the addition of Southwest Airlines beginning in March 2021, COS currently anticipates 33 daily departures with non-stop service to 12 airports in 10 major cities across the U.S.
- Maintains active corporate, cargo and general aviation populations and is host to Peterson Air Force Base, home of the U.S. Air Force Space Command, NORAD/NORTHCOM, and the Army Space and Missile Defense Command.
- Over the past two years, there has been significant momentum within the 900 acre Peak Innovation Park for non-aeronautical development, including the Amazon fulfillment center, Aerospace expansion, and the USDA Forest Service aerial firefighting base, bringing additional revenue to the Airport and jobs to the community.

According to CDOT's report on *Economic Impact of Airports in Colorado 2018 Economy*, COS generates a combined impact of over \$3.4 billion each year for the region. COS and Peterson AFB provide 25,093 direct and indirect jobs in the aviation, aerospace, and defense sectors. The Colorado Springs Airport is a fully self-sustaining public enterprise and receives no local tax revenue.

Airport - Organizational Chart

The organizational chart illustrates all positions that report to this department, not including 13.00 positions that report to the Police Department but are funded by the Airport; however, all positions funded by the Airport are reflected in the Position Totals of the funding tables in this narrative.

The sections below provide a summary of the Budget, authorized positions, changes that occurred after the budget was implemented for 2020, and changes occurring as part of the 2021 Budget for the Airport Enterprise Funds.
